

## What clients say about us ?

### VISA ON ARRIVAL EXTENSION

***We had a great experience!*** - Anne

"The communication was clear, the service was fast and professional and only having to travel to the immigration office once saves so much time; it's well worth the money. We were a bit hesitant when we handed over both of our passports to a Gojek driver, but can guarantee you that everything is handled with care. We're so happy that we can enjoy beautiful Bali for a little longer now! Thanks so much for making our lives easier!"

### 211 VISA APPLICATION

***Stop looking, you've found the best agency to get your Visa!*** - Melania

"My experience with VISA INDONESIA was excellent. I highly recommend working with this agency, communication and support from Rita was always the best. I had to ping her more than once because of my several questions and she was kind, and the response was super quick every time. My Visa B211A was approved before than expected and had no issues when entering to Bali."

### 211A VISA EXTENSION

## How can we help you ?

### 211A (60 to 180 days)

The 211A Single-Entry Visit Visa is initially valid for 60 days and can be extended up to 180 days. It is often referred to as "B211A Visa".

Purposes of visit: tourism (211A), business (C2), short course/training (C9), volunteering (C6B), and medical visit (C3). For internships (C22A/C22B), the visa is valid for 180 days and doesn't have to be extended.

### Retirement Kitas (up to 6 years)

If you are **at least 60 years old**, you are eligible to apply for a Retirement Visa. The Retirement Visa is a **multiple-entry visa** and is valid for one year. It can be extended up to five times. However, you can convert to a Retirement KITAP after four extensions.

The Retirement KITAP is a permanent stay permit valid for five years. Holding a Retirement Visa does not permit you to work in Indonesia.

### Spouse Kitas (up to 6 years)

The Spouse Visa (KITAS) with the index E31A is for foreigners married to an Indonesian citizen. This **multiple-entry visa** is valid for one year and can be extended up to five times.

However, after two extensions (after three years), you can apply for a Spouse KITAP, a five-year permanent stay permit. Foreign husbands are eligible to apply for a work permit in Indonesia.

### Investor Kitas (up to 6 years)

The Investor Visa (KITAS) is valid for two years. It can be extended up to two times. After six years, you can apply for an Investor KITAP, a permanent stay permit valid for five years.
